OFFICE HOURS08 h00 to 13 h00, Mondays to Fridays.

DETAILSThe following are the most basic requirements for visas for citizens of countries not exempted, however, additional information/documentation might be required from the applicant once the Consular section processes the application. For this reason it is of the utmost importance that the applicant provides telephone and fax numbers where he/she could be contacted.

The minimum requirements to be submitted on the application of a visa are contained hereunder. Applications should be submitted **WELL IN ADVANCE** (at least 30 days before departure) :

A full completed and personally signed visa application form (BI-84) A valid passport - the passport must be valid for at least one year. At least one page of the passport must be free to enable the issuance of a visa. The original passport must be furnished together with the application. Relevant visa fees are paid on application and are not

refundable irrespective of whether the application is successful or not. These fees are separate to the required cash deposits. A refundable repatriation guarantee may be requested for certain categories of applications. Applicants who are not able to submit their applications in person at the Embassy are advised to utilise courier services and arrange for the prepaid re-delivery of their passports. The applicant is required to cover all expenses in respect of the return of a passport as this expense is not covered by the Embassy.

DETAILSThe United Kingdom's relationship with Greece goes back nearly two centuries, to the foundation of the modern Greek state – if not longer than that. Our two countries are partners and friends. Like the UK, Greece is a mature member of the European Union and of NATO, and much of our cooperation takes place within that framework.
